Clearfield, UT 84015

## *Sizzling September Night Set To Inform And Entertain*

(Clearfield, Utah) – A community health and seniors info fair called *Sizzling September Night* is coming up Friday, Sept. 6, in Clearfield. This free event features live music by Sunshade ‘n Rain as well as lots of booths, displays, and county vehicles highlighting health, safety, and seniors issues.

*Sizzling September Night* will be easy to find on the east lawn of the Davis County Health Department (directly across the street from Clearfield City Hall) at 22 South State Street. Plenty of parking is available on the west side of the health building.

The family-friendly info fair is sponsored by the Davis County Health Department, the North Davis Senior Activity Center, and the Midtown Community Health Center.

“The fun starts at 5:30 p.m. and runs until 8 p.m.,” according to the event organizer, Cindy Nielsen. “We encourage everyone to show up anytime between those hours and see what’s happening at the southeast corner of Clearfield’s Center and State Streets.”

Hamburgers and hot dogs are on the menu for purchase while people mingle freely through the various booths being entertained by the sounds of 60s and 70s live music. “The North Davis Senior Activity Center remains open for self-guided tours for people of all ages curious to find out what happens in the center,” said Nielsen.

“If the weather decides to turn our *Sizzling September Night* into a drizzling September night, don’t despair,” she said. “We’ll simply move the fun inside the senior activity center and continue on, minus the vehicle displays of course.”

“Our normal hours of operation work just fine for many of the people who use our services and programs,” said Lewis Garrett, director of the county’s health department. “Still there are too many people who aren’t aware of what we have to offer. And there are others who can’t take advantage of those services because our business hours don’t always line up with when they’re available,” he said.

“Providing this info fair in the early evening is a great way that we can connect with community members when they have the time to visit us,” Garrett said. “Also, it never hurts to entertain people while at the same time informing them about a variety of things that may improve their health and well-being.”
